Bonded two-piece outsole construction is highly durable and resistant to abrasion and impact. Molded, convex-shaped TPU shin plate for maximum impact protection Adjustable aluminum buckles with a solid, click-lock closure Leather heat shield on the side of the boot for protection against exhaust burns Elastic gaiter w/Velcro closure provides a comfortable rim around the calf while sealing off the top of the boot One piece molded plastic inner panel prevents wear on the boot from the frame and provides excellent flex support.
